**FROM HEAD TO FOOT**

you feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs, and invigorates the whole system.

In recovering from "grippe," or in convalescence from pneumonia, fevers, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

*Dear Sir*—Several years ago my blood became impoverished and I became run down in health. I had no appetite, could not sleep, and was practically unfitted for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also, of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

FOR LADIES, TOO.

**They Can Stop Their Hair Falling Out With Herpicide.**

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

# Kodol
## Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

### Anarchists in New England.

There has been a general round-up during the past two weeks of Italians suspected of being active in spreading the teaching of anarchy among their countrymen in Boston, but yesterday it was declared by the police that no member of the "reds'" organization remains in the city.

This activity on the part of the police began when information reached headquarters that anarchists from all over the world were going to Boston to hold their annual assembly. Last Thursday night two Italians were ejected from a north end church for distributing anarchistic literature among the congregation.

The city of Lynn seems to be the center of the anarchists in New England. Not long ago a mission priest gave up holding meetings there because he said his gatherings were being broken up by anarchists.

The Lynn members of the organization put out a circular last week addressed to their "Fellow-workers" and signed "The Anarchists of Lynn." It was printed in English and was evidently intended for circulation in all the New England cities and towns of importance. The circular calls for the abolition of classes, the distribution of all property and wealth in equal shares, and declares against all authority, churches, politics and parliamentarism, closing with these sentences:

"Yes, we, as anarchists, want to destroy all the actual institutions from their fundaments because we see they are wrong. And to that work we consecrate the best part of our energy. Of course, in the fight some individuals are lost, but we can't help it. Though cruel, the experience shows that the tree of liberty grows in the soil wet of blood. And we would gladly see the number of these victims centuplicate and our lives lost with them if we could stop forever the daily massacre of our fellow-workers. For this redemption of humanity from moral and material slavery we march, and nothing will stop us."

### Suicide from Despondency.

Despondent because of a chronic stomach trouble, unable to work and having spent his last dollar to provide food for his family, John Geischysky, according to the police, deliberately ended his life by laying is head across the track in front of a fast express train at Philadelphia yesterday. Geischysky had a wife and three small children. By strict economy and hard work he had managed to save more than $500 with the intention of opening a baker shop in a good section of the city. Three years ago he was seized with a peculiar stomach trouble which put an end to his brilliant hopes. Geischysky went to all the hospitals in the city to secure help, but they all pronounced his case as almost hopeless. He received treatment at various institutions, however, and when they failed, went to several specialtists of stomach troubles. His little horde was rapidly diminishing by doctor's fees and for the last three weeks he and his family were facing eviction for non-payment of rent. Geischysky went to a baker's shop and endeavored to work. He could not stand the strain, however, and after three hours returned to his home more despondent than ever. According to to his wife, Geischysky's despondency was increased by the actions of a doctor with whom he had been treating. According to the story told by his wife, Geischysky went to see this doctor Saturday morning, explaining that at last his money was all gone. The doctor became indignant and put Gleichysky from his office, telling him not to come back unless he could pay for his treatment. Geischysky kissed his wife and children Saturday about noon, and told them that he might not get back for sometime, as he was going to see some friends up town. The unfortunate man was walking along the Reading Railway tracks, at 2:13, when a fast express train bore down upon him. According to the police, Geischysky waited until the train was within half a square of him and deliberately lay down and placed his head upon the track. Several train men, who saw the deed, called to him and started in his direction. The unfortunate man waved them away, and shouted that he wanted to die. Before anyone could prevent, the train had severed his head from his body.

### A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co.

**DR. MOFFETT'S TEETHINA (TEETHING POWDERS)**

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY.*

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

*Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.*

### Japanese Monroe Doctrine.

In a special dispatch to the Chicago Record-Herald, from Portsmouth, N. H., Walter Wellman says:

"There is to be a Japanese empire on the mainland of Asia. It is to embrace Korea and Manchuria and probably a part of Siberia. The Japan of the present is a mere island kingdom. The Japan of the future is to rule the littoral of the northern Asiatic continent, reaching far into the interior, comprising vast, fertile and populous provinces. The new Japan is to be thrice as great in area and twice as great in population as the Japan of the present. The sea of Japan is to be the center, the heart of this new empire. That sea is to become a Japanese lake. Japan is to dominate it and all the lands lying about it. This dominance of the Japan sea and its coast country on all sides the Japanese hold is absolutely essential to their national safety. The pretention the Japanese put forth as to the sea of Japan is not unlike the Monroe doctrine, which the United States applies to the Caribbean sea. Japan has a Monroe doctrine of her own; and the meaning of it is that Japan will view as an unfriendly act any effort on the part of European powers to establish sovereignty or to plant its systems on or near the shores of the sea of Japan. This Japanese Monroe doctrine applies not only to Russia but to all European powers. The information upon which this dispatch is based comes from a high and unimpeachable source—from authority which would create surprise were I at liberty to identify it. I have the highest authority for the statement that if the Russians find themselves unable to agree to a treaty which achieves this end there will be no peace."

MONDAY EVENING, AUG. 7, 1905.

THE EYES of the civilized world are now turned on the coming peace conference at Portsmouth, N. H., and the outcome of the meeting between the Russian and Japanese envoys is awaited with keen interest. Many express the opinion that the representatives of the Czar and Mikado will fail to reach an agreement and that the conflict in the east will continue. Others, however, prefer to believe that peace will evetually follow the conference. The war between Russia and Japan has beeu in progress nearly a year and a half, during which time many thousands of lives have been sacrificed on both sides, while the Russian navy, one of the most powerful in the world, has been practically destroyed. One stronghold after another has fallen into the hands of the Japanese until the Mikado is virtually master of the situation. While success has crowned the arms of the latter, the prosecution of the war has proven a tremendons drain upon the resources of Japan and thousands of her soldiers have been killed in the many sanguinary conflicts. It is time a peace of some sort was being brought about by the belligerents.

PRESIDENT ROOSEVELT appeared in a new role at Oyster Bay yesterday when he delivered a sermon before the Christian Brotherhood. About two hundred people were present. The President read from the Sermon on the Mount, scenes at the last day (Mat. xxv.), Paul's first epistle to the Corinthians, concerning charity (love), and from the epistle of James: "Pure religion and undefiled before God and the Father is this, to visit the fatherless and widows in their affliction, and to keep himself unspotted from the world." The speaker made practical remarks on each of his selections and he was listened to with close attention. His last excerpt appeals to the common sense of all Bible readers. There are some who, in an unostentatious manner, endeavor to carry it out to the letter. They may not figure prominently in the present dispensation, but in that to come will find their labors of more durability than whole burnt sacrifices.

THE REPUBLICANS of the State will go to the unnecessary trouble at Roanoke tomorrow of nominating a ticket to be knocked down by the democrats in November next. They never had any chance from the beginning of electing their ticket, but since Mr. Slemp has had charge of the party management a factional fight has occurred in nearly every county in the State and a split has resulted. Mr. Agnew is to be congratulated that for his peace of mind (to say nothing of his pocket-book) he is no longer the chairman of the party, and familiars of Judge Lewis, who is to be nominated for governor, say that if his foresight had been one-fourth as good as his hind sight he would never have consented to accept the nomination. It is contended that he will be forced to resign his position of U. S. district attorney after he receives the nomination for governor.

YELLOW FEVER has invaded New York city. Another victim, taken from a ship died in the detention hospital there yesterday. This makes the second to die, and was the third genuine case brought to that port. Comprehensive precautions are being taken against a further spread there. Fully two hundred suspects are detained in quarantine. Too many precautions cannot be taken to keep the dread disease from the Atlantic ports.

BOSTON is becoming exercised over the boldness of many anarchists who infest that city and neighborhood. They are mostly Italians who are distributing incendiary circulars. The United States has for a long time been the assembling ground for anarchists and there is every reason to believe plots to assassinate rulers have been formulated here. The Bostonians are naturally growing uneasy at the sayings ahd doings of this undesirable class of immigrants.

JOSE MIGUEL GOMEZ, the Cuban liberal candidate for President, in an interview defies President Palma's government, threatens not to obey an adverse decision of the Supreme Court in the Vueltas case and openly hints at a rebellion. This will soon come, for the Spanish-Americans are never as happy as when they are "revoluting."

GLASS BOTTLE manufacturers in New Jersey insist on a reduction of 15 per cent. in wages and the men will not assent. The conference has adjourned and it is believed that the big establishments will not open in September. The price of bottles has declined and the two parties to the wage controversy are not in agreement as to the cause.

The fast Pittsburg flyer, on the Pittsburg and Cleveland Railroad, crashed into an eastbound St. Clair street car at Cleveland, Ohio, at 9:30 o'clock last night, killing a child instantly and fatally injuring six people, while fifteen others sustained injuries.

He reported the result of his mission to acting Secretary Adee and will tomorrow lunch with the President at Oyster Bay when he will make a verbal report on the validity of the foreign claims against Santo Domingo. It is understood that when the President sends to the Senate next fall the treaty which the State Department will sign with Santo Domingo providing that the United States assumes official charge of the financial affairs of Santo Domingo, it will be accompanied by a full report from Mr. Hollander. Mr. Hollander expects to return to Santo Domingo in a short time to complete his investigation.

One of the decisions reached was to place all private boats, now in the service of the State of Mississippi in maintaining the quarantine against Louisiana, under control of the revenue cutter service. Each boat will receive a revenue cutter flag and be placed in charge of a warrant or commissioned officer. The boats will form a regular auxiliary cutter fleet.

### Chimneys Lined With Gold.

The chimneys of the United States mint at Philadelphia are being scraped for gold and silver dust. With the work still unfinished, several hundred ounces of gold and silver have been sifted from the sweepings of the chimneys and other nooks and crannies of the big building at Sixteenth and Spring Garden streets. The metal has not yet been melted and weighed, so it is impossible to compute its exact value. Last year the value of the dust from the chimneys was $21,240, an amount which will be exceeded this year, the authorities expect. The sweepings from the floor of the mint during the year netted more than $50,000. Thousands of dollars were recovered by burning the clothes of the workmen and workwomen and separating the precious dust from the ashes.

Howell, for many years prominently identified with southern journalism, died at Atlanta, Ga., yesterday, after an illness of three weeks, brought on by a carbuncle, complicated with diabetes. A dispatch from Osborns Gap, Va., tells of a gun fight between two Baptist ministers just across the Kentucky border from that place. Solomon Mullins was probably fatally shot by Solomon Fleming, and Jefferson Fleming was shot through the ankle by Robert Mullins. Both of the latter are ministers. After the shooting all were put under bond except Solomon Fleming, who barricaded himself in his father's house, with plenty of firearms, and says he will die before he will surrender.

### Fight at Camp Meeting.

Two murders and the wounding of more than twenty men resulted from "Big Sunday" at Friendship camp meeting, held by the negroes of Delaware and the Eastern shore of Maryland in a large grove on the Chesapeake and Ohio Railway, near Smyrna, Del., yesterday. While frenzied and hysterical women and children shrieked, filling the forest with high-pitched notes of terror, fifty revolvers cracked out along the railway, where the "men folks" had quit shooting crap long enough to shoot each other. In the dim light of torches knives and razors gleamed, and the tally of injured in the riot emphasizes the negro's propensity for and dexterity with that form of weapon. Gambling of all the types known to such gatherings was in progress along the railway. Fights were frequent, the ill-feeling being intensified by frequent passing of bottles.

### Ground to Pieces.

A peculiar noise from a slag-mixing at the Montello Brick Company's works, Perkiomen, Pa., Saturday, led to an investigation, which revealed the fact that the machine was grinding to powder the bones of Howard Yocum, of Rain's Station, aged 30, the man who a short time before was operating it. How Yocum happened to fall into the slag-mixing pit is a mystery, as he was alone at the time, His body was literally ground to pieces, kneaded and mixed with the red clay of which the bricks were being made. Nothing but one of the unfortunate man's little fingers could be found. Yocum was married and had two children.

### Robbery and Murder on Train.

While a Chicago and Alton excursion train from Bloomington, Ill., to Kansas City was crossing the Mississippi river at Louisiana, Mo., yesterday, a man on board shot and killed Marion Warner, of Secor, Ill., shot and wounded a woman, and robbed a third passenger. After a hard fight the man was arrested and placed in jail at Louisiana. He refused to give his name. Warner was asleep when the man came through the train asking people if they were armed. He awoke Warner and asked if he had a revolver. Receiving a negative reply, it is stated, he immediately shot Warner dead. The passengers were panic-stricken, and when the bandit demanded of a passenger whose name has not been learned that he empty his satchel, emphasizing his order with a flourish of his revolver, the passenger hastily poured out the contents of his satchel, and the hold-up took possession. The robber then fired at random, and one woman was shot through the arm. A boilermaker from Jacksonville, Ill., attempted to arrest the man, but was knocked senseless. Other passengers rallied from their fright; and the man was overpowered and held until the train stopped at Louisiana, when he was turned over to the authorities and placed in jail. Claims were made by several that the hold-up man was drunk, and had boasted openly that he would kill somebody.

## Today's Telegraphic News

### Conditions in Russia.

St. Petersburg, Aug. 7.—The torpedo boat which was sent in pursuit of the battleship Kniaz Potemkin, while she was in the hands of mutineers, has returned to Sevastopol. The torpedo boat is manned exclusively by officers who were supposed to be loyal to the government. The delay in the warship in getting back to port was caused by the fact that the engines were damaged. This is regarded as significant and in the general opinion shows that the spirit of revolution prevails among the officers of the navy to as great an extent as it does among the sailors.

The attorney general at Nishni Novgorod has obtained definite proofs that the police participated in the massacres that occurred there. The trouble has not yet been settled as roughs continue to harrass the people. The mayor of the town has been summoned to St. Petersburg to make a report in regard to the riots to the Minister of the Interior.

Peasants in the government are pillaging the estates of land owners. It is estimated that they have carried away or destroyed 100,000 pounds of stores in the last few days. Peasants in the villages near Bialystok have likewise been engaging in attacks upon the land owners. They have threatened the proprietors of the large estate with death if their demands for money are not complied with.

Moscow, Aug. 7.—The strike movement is spreading and many additional workmen are now participating in the attempt to make the strike genuine. So far quiet has prevailed.

St. Petersburg, Aug. 7.—A special inquiry has been ordered to establish the status of the members of the various Zemstvo congresses which have been held. The purpose of the inquiry is to determine whether those who participate in these meetings can be held for political crime. Prince Dolgorukoff, who organized the last Zemstvo congress, has been summoned to confer with the Minister of the Interior on this subject.

Warsaw, Poland, Aug. 7.—Over thirty police officers have been assasinated here during the month of July. Some of the policemen were shot while others were stabbed to death. The assassinations followed the passing of the death sentence upon some of the officers by the revolutionary committee. The latest victim of the revolutionists is Lieut. Michaelowsky, who was shot at Sedlez, in Russian Poland, because he was active in having Polish revolutionists punished.

### Peace Envoys.

Portsmouth, N. H., Aug. 7.—A surprise has been sprung by the State Department in ordering that the Russian envoys shall be given the precedence over the Japanese upon their arrival here. It had been the intention of Governor McLane and Admiral Meade, after the question of precedence had been decided by President Roosevelt, to receive the Japanese peace envoys first, and the "kicking over the traces" by the State Department, as it is termed, came as a decided surprise. The department claims that a country having an Ambassador in this country should be ranked ahead of one represented only by a minister. Much disappointment is expressed over the failure of the envoys to arrive today. All preparations for their reception had been completed, but these will go over till tomorrow, when the programme as mapped out for today will be carried out. Word was received here early this morning that the Mayflower and Galveston had left Newport and would arrive here some time tomorrow morning. Just when M. Witte will arrive is not known. He is not expected, however, before late afternoon or early evening.

Newport, R. I., Aug. 7.—The yacht Mayflower and dispatch boat Dolphin with Russian and Japanese plenipotentiaries, convoyed by the cruiser Galveston, left Newport harbor at 8 o'clock this morning for Portsmouth expecting to arrive there Tuesday morning.

Paris, Aug. 7.—The correspondent of the Publishers' Press is able to state that France has not received the slightest intimation from either Russia or Japan as to the turn which the peace negotiations are likely to take. According to the information at hand here both governments appear to be in the dark, and, like France, to be anxiously awaiting the outcome of the first official meeting of the envoys at Portsmouth.

### Yellow Fever.

New Orleans, La., Aug. 7.—Citizens, in meeting, have determined to raise a quarter of a million of dollars at once to hand over to Dr. J. H. White, who, beginning with today, heads the United States Board of Health and Marine Hospital service, having full charge of the entire health with military powers. Dr. White is dividing the city into small wards, over each of which a physician will have absolute control. The citizens committee already have seventy-thousand dollars on hand for Dr. White. The remainder is being raised by levies and assessments. A business man's rating is looked up in a commercial agency register and he is told how much he ought to pay. Then he is made to pay that sum. The war between marine militia of Mississippi and Louisiana is apparently at an end now that Secretary Shaw of the Treasury has assumed control upon the request of the city and state authorities and has put all fleets under the flags of the revenue cutter service. Captain Ross, head of this service, arrived here today. Gov. Vardaman, of Mississippi, has ordered his militia to Fontainbleau to guard to special detention camp, which citizens of Ocean Spring and other Mississippi coast towns have threatened to burn. Vardaman says there shall be no burning. Three additional cases are reported at Shreveport. There is a suspicious case at Bon Ami, near Lake Charles. Altogether up to six o'clock yesterday afternoon there had been a total of 533 cases and 105 deaths. There were 28 new cases and eight deaths yesterday. Archbishop Chapelle, who developed fever Saturday, is very sick.

New Orleans, La., Aug. 7.—Two deaths and two new cases were reported up to 10 o'clock this morning. Lawrence Carey, a prominent politician, is one of the stricken. The government refuses to fumigate on the ground of the mosquito theory which it accepts. The daily expenses in the fever situation here are three thousand dollars.

Mobile, Ala., Aug.—Captain E. C. Chaytor, of the Revenue Cutter Winona, received a telegram today announcing that his action in the Mississippi-Louisiana quarantine in the fight at the border lines had been sustained. The Winona seized a number of vessels and placed them in quarantine.

New Orleans, La., Aug. 7.—Three new cases and four deaths from yellow fever were reported up to noon today.

Washington, August 7.—General Wyman this afternoon announced that eight additional commissioned medical officers of the Marine Hospital Service were en route to New Orleans to assist those already there, and that Surgeon White, in charge of the government's yellow fever Campaign, had been authorized to employ as many local doctors as may be needed.

### French Fleet in England.

Portsmouth, Eng., Aug. 7.—The French fleet of seventeen warships arrived in English waters today to return the recent visit made by an English fleet to France. The visit of the French officers and sailors will be made the occasion for a brilliant celebration. All preparations have been made to give the visitors a reception that will long be remembered. Members of the royal family will participate in the reception and King Edward and Queen Alexandra, accompanied by the Prince and Princess of Wales, are at Cowes to witness the ceremonies. Tonight the harbor will be brilliantly illuminated in honor of the visitors, and the crews of the French and British fleets will unite in celebrating. King Edward will witness the illumination. Tomorrow the king will be a spectator at the yachting races off the Isle of Wight. On Wednesday there will be a naval review and on Thursday the officers of the French fleet will be entertained in London.

### Secretary Shaw Visits President.

Oyster Bay, N. Y., Aug. 7.—Secretary of the Treasury Shaw arrived there unexpectedly upon a forenoon train from New York and went out to Sagamore Hill in a hired livery rig. It is understood that the secretary has come to talk with the President, among other things, about the yellow fever situation in New Orleans. The marine hospital service, which has taken hold of the work of sanitation, disinfection and quarantine on behalf of the government, is under the jurisdiction of the Treasury Department. It is believed that the secretary comes to discuss the problem of providing funds for the work, as the congressional appropriation made for the marine hospital service will be inadequate to pay the sudden extraordinary expenses incurred.

### Yellow Jackets and Flying Heels.

Nutley, N. J. Aug. 7.—While Monroe Hicks was driving along Grant avenue he was surprised to see a swarm of yellow jackets come from a small wood and hover around his horse's head. He tried to drive the swarm off with his whip, but the wasps were not to be shaken off. Then the yellow jackets settled down around the horse's head and neck. The horse gave an agonizing squeal and let his heels fly at the wagon. Hicks and the seat fell out beside the road. When Hicks recovered his senses the horse was still making a target of the wagon, but he did not run away.

### Mother in a Pitful Plight.

Chicago, Ill., August 7.—Poverty and misfortune forced Mrs. Philomena Moscha to surrender to a charitable institution one of her baby twins. She could not support both but felt she might care for one. When it came to deciding which she should relinquish the condition of the woman was pitiful. First she would kiss one good-bye, only to snatch it back and surrender the other. Finally she gave the care of the boy into the hands of the county and departed with the three-weeks-old baby girl. Later she returned and desired to exchange the babies, but was ordered away.

### Opening of Yachting Week.

Cowes, Isle of Wight, August 7.—The week of yachting opened today with dull weather. Notwithstanding this fact, however, the roads were crowded with numerous excursion and pleasure boats as well as many private yachts. The most famous English and American yachts will compete in the races and the prospects for a successful week are bright. The presence of the king here has been responsible for bringing out a large crowd of fashionable people.

### Blood Poisoned by Mosquito.

Oyster Bay, Aug. 7.—Herbert Hawkshurst, a 12-year-old village boy, who lives at the corner of Main and Spring streets, and who is a member of young Theodore Roosevelt's Sunday school class, has contracted blood poisoning of the left leg from the bite of a mosquito upon his toe. His leg to the knee is black and swollen to twice its natural size. Dr. James Hall, who is attending young Hawkshurst, lanced the leg yesterday.

### Burned to Death.

Dallas, Texas, Aug. 7.—Fire destroyed the Hopkins boarding house on Elm street, near Hawkins, early this morning. Mrs. Taylor, 60 years old, and her granddaughter, 12 years old, were burned to death. Mr. Hopkins, the proprietor of the place, was badly burned but will recover.

### New York Stock Market.

New York, Aug. 7.—Steel issues of all classes, Vanderbilt stocks and Hill-Harriman shares were the strong features of the trading during the first hour. Brokers often handling orders for the largest and most active operations have been told that this will be a big week and it would be unwise for them to leave the city.

The market up to noon was influenced largely by increasing strength and activity displayed by U. S. Steel shares.

The stock market developed increased strength in late trading and since noon there have been more record-breaking price movements.

### Dyed Blue-Black.

Allentown, Pa., August 7.—John Jeroknotz, a dyer, employed by the Lotte Brothers Company, will be compelled to pass a long time dyed a deep blue-black from head to foot. He was working on a large tank filled with black dye, in which a lot of silk was being colored, and had occasion to pull the plug and let the hot dye run over the floor into a sewer, when he slipped and fell. When he was extricated from the flood he was painfully scalded and dyed a rich, deep black.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. ### Girl Assaulted.

Freeland, Pa., Aug. 7.—A shocking outrage which has greatly excited the village of Harleigh was committed there yesterday. Daniel Gallagher and James O'Donnell, of Audenried, while driving to Freeland, were called upon by a young woman to protect her friend. Stopping their horse, they ran in the woods, in response to the screams of a woman. A man who had assaulted her fled upon their approach, and, with the aid of a revolver, gained the dense forest. The point at which the assault was made is scarcely 100 yards from the village church. Two girls, aged 18 years each—Miss Myrtle Bitttener and Miss Irene Spitzner—daughters of respected citizens, were walking toward Ebervale, when a well-dressed man approached and caught Miss Bittener in his arms. He flourished a revolver at Miss Spitzner, who attempted to assist her companion. There was no response to the screams of the girls until the team driven by Gallagher and O'Donnell appeared. The fiend had torn the clothing of the young woman to shreds in accomplishing his purpose. A crowd of armed citizens started in pursuit, but the forest is dense and extends across the mountain, and he was not found by nightfall.

### Paterson's Missing Mayor.

Paterson, N. J., Aug. 7.—The police today sent out 2,000 circulars showing a picture of Wm. R. Belcher, Mayor of Paterson, who is wanted here to answer for his alleged robberies and forgeries, to the principal cities of this country and Europe. A full description of the much wanted man accompanied the pictures. People here generally are coming to the opinion that the absent Mayor has gone to Europe. If all the stories which can be heard now in regard to Belcher are true he must have secured an enormous sum of money. Nearly every man on the street makes the claim that he was one of Belcher's victims, and had made a loan to the missing Mayor. The number of men who say they were victimized would reach into the thousands. Action will probably be taken tonight at the meeting of the Board of Alderman to depose the Mayor, and to offer a reward for his apprehension.

### Honors to Secretary Taft.

Manila, August 7.—The principal feature of the ceremonies today in honor of Secretary of War Taft and the party of American visitors was the spectacular parade. Fully 10,000 men, including soldiers, sailors, marines, industrial and thirty provincial delegations were in line. Eighty bands participated and there were fifty floats. It took three hours for the procession to pass the reviewing stand. The parade was reviewed by Secretary Taft, Governor General Wright, Mayor General Corbin, Rear Admiral Train and Miss Alice Roosevelt. Only a halt was made by the procession and a golden plate was presented to Miss Roosevelt. A delegation of sugar planters waited upon Secretary Taft this afternoon to explain matters in connection with the sugar interests of the islands. Later a public reception was held by Gov. General Wright in the palace.

His daughter, Mrs. Mary Lloyd, of Milton, 40 years old, has two daughters, each married when they were 20, who have children. No heart on earth can tell,
But Jesus loved him better
And took him home to dwell.
Affliction sore long time he bore
Physicians were in vain;
God thought it best that he should rest
And eased him of his pain.
How long he struggled with disease,
Which baffled skill and care,
And long he lingered racked, with pain
And suffering hard to bear.

### A Fatal Fall.

Late yesterday evening Samuel D. Markell, a well-known Alexandrian, fell from an upper story platform of the Braddock House into the court, a distance of fifteen feet, and was instantly killed. The unfortunate man struck upon his head, breaking his neck. Late in the evening he was seen by certain inmates of the Braddock House lying in the court, and they, supposing he was asleep, made no mention of the matter. This morning, however, he was discovered to be dead, and the fact was reported to the station house, when Officer Sherwood made an investigation and found that Markell had been dead for about twelve hours. The remains were removed to Mr. B. Wheatley's undertaking establishment. It is supposed that the deceased was sitting on the railing of a platform or bridge which leads from the old Mansion House to the Carlyle House, when he began to doze, and falling landed upon his head. It was at first suggested that he might have been robbed of his watch and thrown into the area, but Chief Webster later ascertained that the timepiece had been found, and that Markell s death was due to the circumstances given above. The deceased was about 50 years old. He was a turner and cabinet-maker by trade.

### Cut by His Wife.

John Sims, colored, had his left hand and wrist seriously cut by his wife, Frances Sims, in a house in the southeast section of the city yesterday morning. It appears that Sims has not been living with his wife of late, and yesterday morning the woman went to a house where her husband was staying and upbraided him for deserting her. Among other things she charged Sims with consorting with other females. The wife finally assaulted her husband, when the latter forced her to the floor and held her down with his main strength. Upon being released she left but soon returned armed with a razor. She proceeded to make a murderous attack upon Sims and when he threw up his arm in an effort to protect his head he received a terrible gash across the palm and wrist. A colored man who was in the house at the time went to Sims's rescue and the frantic woman was disarmed. The husband, with blood streaming from his wounds, hurried through the streets to the Alexandria Hospital where he received attention. Officer Beach this morning arrested the woman, but in the absence of material witnesses the trial of the case was set for tomorrow.

### Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Thomas, colored, arrested by Special Officer Latham charged with stealing tobacco, was turned over to the authorities of Alexandria county.

John W. and John F. Siddler, arrested by Officer Roberts for disorderly conduct, were fined $2.50 each.

Edward Wood, colored, arrested by Officers Patterson and Mayhew charged with gambling, had his case continued.

Frank Smith, arrested by Officer Roberts on suspicion of lunacy, was held.

Ralph Banks, colored, arrested by Officers Patterson and Mayhew charged with gambling, had his case continued.

A white man, arrested by Officer Sherwood charged with being drunk in the street, had his case continued.

Two white men, arrested by Officers Patterson and Mayhew charged with fighting, were dismissed.

Frances Sims, colored, arrested by Officer Beach charged with assaulting her husband, had her case continued.

John Sims, colored, charged with disorderly conduct, had his case continued.

### Death of Mr. Mays.

Mr. Samuel L. Mays, son of Mr. George W. Mays, conductor on the Southern Railway, died at an early hour yesterday morning at his parents' residence, southeast corner of King and Patrick streets, of typhoid fever. The deceased had been a student at the Virginia Polytechnic Institute at Blacksburg, and he had recently become indisposed and returned to his home. Having convalesced he went South on a visit, but was again compelled to return to this city by sickness. Later typhoid fever developed and his death followed. The deceased was Captain Mays' only son; he was a bright and companionable young man and the many friends and acquaintances of the family sincerely sympathize with them in their sorrow.

### The New Norfolk Steamer.

The new passenger steamboat which the Norfolk and Washington Steamboat Company will have built for the new daylight line between Washington, Alexandria and Norfolk, will be named Jamestown. The boat is to be completed May 1, 1906, and is to make 18 miles an hour continuously, carrying 3,000 passengers. The Jamestown will be a side-wheeler because of a number of shallow-water landings she will make on her route. Her large carrying capacity will enable her to cope with the crowds which will attend the Jamestown Exposition. An effort will be made to make this line—down the Potomac and through lower Chesapeake Bay—as interesting and delightful a trip as that of the day line on the Hudson.

### Hot Sunday.

The mercury in the thermometer reached the 90° mark again yesterday, and there was but little inclination upon the part of most people to move about the city. The congregations in the various churches were diminished both at the morning and night services. A southwesterly breeze prevailed during most of the day, but it was by no means refreshing, and during the lulls the heat became oppressive. Numbers of persons left the city during the day, most of them taking trains for mountain resorts, returning late at night.

A row occurred between two white women this morning in front of a saloon in the northeastern section of the city, during which one of the females struck the other on the head with a bottle.

### County Supervisors.

The board of supervisors for Alexandria county on Saturday adjourned for a special meeting August 15, when several petitions for county highway privileges will be considered. Among these will be the petition of the Washington, Arlington and Falls Church Electric Railroad Company for permission to cross several public roads in extending its track from Clarendon to connect with the electric line track to be laid across the new highway bridge. The board has received a communication from representatives of the Washington, Alexandria and Mount Vernon Railroad Company asking for permission to make certain changes and additions to the track on upper King street outside the corporation limits in the extension of the double tracking system to this city. It is understood that the original petition will be changed and the plans of the company for its line on upper King street are not fully known. It is stated, however, that the purpose at first was to continue the double track from Spring Park to a point adjacent to the old fair grounds, one track to extend thence to connect with the line on Cameron street. It is said to be the intention of several citizens of Alexandria county to bring to the attention of the board in the near future a complaint against the electric company for operating several trains daily without stops in the county.

### Death of Miss Cutler.

Miss Judith Cutler, sister of Rev. H. J. Cutler, pastor of St. Mary's Church in this city, died at St. Agnes Hospital, Baltimore, yesterday. Father Cutler, after having received the sad intelligence, repaired to Baltimore and the remains were forwarded to this city today, arriving here on a Southern Railway train shortly before noon. The funeral will take place from St. Mary's Church on Wednesday next. The deceased had a number of friends and acquaintances in this city, all of whom will regret to hear of her death. This is the second death which has occurred among Father Cutler's relatives within a month, his brother, Dr. Cutler, having recently died in Ireland.

### Fight in Braddock House.

A disturbance occurred in the Braddock House at an early hour yesterday morning which caused much excitement in the neighborhood. John Siddler and his son John, who, it was alleged, precipitated the trouble, were arrested by Officer Roberts and locked up. When the officer emerged with his prisoners one of his shirt sleeves was sprinkled with blood, and it was supposed by those on the outside that he had been cut, but it appeared that a woman had been cut during the melee and blood from her head had run on Mr. Roberts's shirt sleeves. The two men were brought before the Police Court this morning and fined $2.50 each.

### Assailant Captured.

Several weeks ago a negro named Charles Williamson entered a saloon in the northeastern portion of the city and shot Rudolph Jones, colored. Williamson subsequently made his escape; Jones's injury was not serious. The police have been on the lookout for Williamson ever since, and today Lieutenant Smith, acting upon information he had received, informed Officers Bettis, Arrington and Lyles of the supposed whereabouts of the fugitive and later they found him and locked him up.

### Charge Against Trainmen.

A colored woman named Smith, who lives at the corner of Gibbon and Royal rtreets, appeared at the station house this morning and lodged complaint against the conductor and motorman of an electric train. The woman alleged that the train, which passed up about eight o'clock, ran over and killed one of her chickens, and that the conductor stopped the train and took possession of the fowl. An officer later saw the conductor and motorman and both denied that the chicken had been picked up.

### Chain Gang to be Formed.

Under the laws of the State the City Council in 1885 amended chapter 9 of the city laws of 1874 in reference to the formation of chain gangs. Under the law the City Engineer is authorized to select a suitable person to superintend the chain gang, but before entering upon his duty the person so appointed must have his appointment confirmed by the City Council and he must also enter into bond. Today Mayor Paff, Corporation Attorney Bothe and Judge Barley held a consultation at which Mayor Paff urged the importance of compelling certain prisoners now confined in jail for various misdemeanors to work on the streets. All present agreed that it was proper to take such a course, and after the conference Judge Barley entered the fallowing order:

On motion of F. J. Paff, Mayor of the City of Alexandria, it is adjudged and ordered that the jailor of the City of Alexandria shall deliver to the captain of the chain gang, on his due appointment and qualification, all persons confined in the city jail who are liable to work in chain gangs, provided that no such person shall be required to work more than ten hours per day. It is further adjudged and ordered that the jailor shall take a receipt for every person delivered by him under this order, which shall discharge him from all liability for the escape of such prisoner so long as he is not in his custody.

During the heated term the store will close at 5 o'clock; Saturday at 1.

**August Merchandising.**

We start August with complete stocks, fresh, beautiful, and of standard values—goods of the superior qualities we aim always to furnish our customers every month of the year.

Our midsummer clearance sale and weekly remnant sales, with our vigilance in providing requisites in every line, have enabled us to offer a superlatively fresh general stock at this time of the year.

Full lines of staples are also offered as usual.

But room must be provided for our magnificent stock of fall goods, so special prices will continue to prevail in every department throughout August.

The requirements of customers out of the city will be supplied through our prompt and perfect mail order system.

**Summer Shopping by Mail.**

That the wants of those of our customers who remove from the city during the summer months shall receive prompt and intelligent attention, we have had our mail order organization brought to a high state of efficiency.

It will be a very material aid to us, however, if our customers will, when ordering items to be charged, state full name and city address under which the account is carried. This should be done in each individual order, as it enables our bookkeepers to identify the account and avoids delay in forwardance of goods. Communications should be directed "Woodward & Lothrop, Mail Order Department, Washington, D. C."

**Soda Water at Home**

We will be glad to demonstrate, in our Pure Food Department, its many good features.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,
jy26 10t JAMES R. CATON.

**Suicide of a Countess.**

A strange story of impersonation with a tragic sequel has just been unfolded in the law courts of Rome. Count Adriano Beniculli, an eccentric nobleman, charged his valet, Antionoro Paolo, with having caused the death of the Countess Beniculli. Taking advantage of the extraordinary resemblance between himself and his valet, the Count employed the valet to impersonate him at various social functions in Rome and elsewhere, while he himself devoted his time to his hobby of collecting and repairing ancient locks. Paolo, provided with money and good clothes, mixed in the best society, and was everywhere received as the Count. Meeting the Countess Beniculli at a ball, the valet paid her assiduous attention. The Countess was pleased, but greatly surprised, as her husband, for whom she mistook Paolo, had neglected her for some years, not living with her or seeing her. A few days after the supposed reconcilation the Countess and Paolo drove to Rimini. They were walking toward some caves to visit which was the object of the drive, when a peasant woman rushed up to them and accused Paolo of deserting her, at the same time addressing opprobious insults to the Countess. The latter discovered that she had been deceived When she saw the would-be count kneeling in the street at the feet of Paolo's wife she asked the woman's pardon, and returned to Rome alone on foot. The same night she was found dead in her mansion, poisoned by an overdose of laudanum. On her dressing table lay a letter stating that she had believed Paolo to be her husband, and what she had done had driven her to suicide, as she was unwilling to sully the spotles records of a noble ancestry.

**Claims Four Hundred Million.**

Joseph T. Cowan, of Dallas, Tex., went to New York yesterday to get $400,000,000 for distribution among several score heirs of the late Andrew Hartsfield who owned at the time of his death, according to Mr. Cowan, all that slice of the city lying west of Fifth avenue, between Seventy-fifth and One Hundred and Twenty-fifth streets. This tract embracing 160 acres, is worth much more than $400,000,000, says Mr. Cowan who appraises it at more than a billion dollars, but he is willing to let the city and the reputed owners down easy if they come to the front with spot cash. The Hartsfield, or Hatsfield, claim is not a new one, but it remained for Mr. Cowan, who is an heir, to marshal the others into an offensive battalion of claimants, with himself in command by virtue of a power of attorney. He is seeking proof in the form of a lease to the city of Andrew Hartsfield's 160 acres for 99 years and a day, beginning with the year 1795. The book containing this lease, Mr. Cowan complains, has been stolen from the city records as the result of a conspiracy.

**New York Tribune Farmer**

The Tribune Farmer has no superior anywhere as a publication for farmers and their families. Everything worth knowing about the theory or practice of farming is treated by men recognized as experts in their various lines. It keeps the farmer in touch with all the latest improvement by text and pictures, and pays special attention to the work being done at agricultural colleges all over the country. Besides all this it has features to interest the women folk. The price is $1 a year. For a free sample copy send a postal card to the New-York Tribune, New-York.

**New York Daily Tribune.**

If you are looking for a daily history of the world, carefully collated and sifted and presented in the most attractive form that the facts and the laws of good taste will permit, you cannot make any mistake in reading the Tribune every day. It contains special articles on nearly every subject which is supposed to interest intelligent and clean-minded people, to say nothing of the illuminating and instructive editorial articles and reviews of books, music and the drama. Invest $1 and get the daily and Sunday Tribune by mail for a month. With the Sunday Tribune goes a handsome illustrated supplement and a magazine, with colored covers, equal to anything sold for ten cents.

**N. Y. Tribune Almanac.**

If you never examined The Tribune Almanac just invest a quarter for once, and see how well pleased you'll be. The 1905 one will be on sale January 1, and may be had from your newsdealer, through your local paper or direct from The Tribune office, New York.
